With the vaccination under way, you might be returning to the office. Who will walk your Best Furry Friend? Looking for a responsible, reliable and loving **dog walker in San Mateo, Foster City, Belmont or San Carlos**, or trusted **doggy daycare** in-home or at my location? Hire me!

Meet your dog walker

My name is Brian Kjolby and I am the proud owner of "Dogs Love To Walk". I have been working with dogs for 7 years. I started as a **Dog Handler** and learned a great deal about dog body language, behaviors, and how to interact in keeping dogs safe. I also graduated from the Dog Tech Academy.

I have been in business of **dog walking in the San Mateo area** for 4.5 years and am loving every day of it! I have a five star rating on Google and Yelp and was voted one of **"Expertise Top 18 Dog Walkers in San Mateo."**

I provide one-on-one walks and pet sitting, with full attention given to your dog, and your dog only. He or she will never be "lost in the crowd". If you have an elderly, overactive, special needs or anxious dog, simply want to know your pet has the best care at all times, or don't want to worry about their interaction with other dogs in a group walk setting, this is a perfect option.

If you need dog walker immediately I can help!

Dog boarding in San Mateo, Foster City and the surrounding area.

Need **doggy daycare**? I provide a comfortable place for your dog with lots of TLC and plenty of fun toys for your dog to play with. Your dog will enjoy daily walks at the local parks and get the total individualized attention. **Dog home boarding** is also available.

Brian helped us with our puppy. He looked after the pup while we were at work. He cleans, and cares for the animal. The dog really responds well to Brian, and he really helps drain some of the dogs energy. Now that the dog is older, he walks and cares for the dog during the day. Brian is a good resource in the neighborhood when you need help with your dog.
